

HL-10 EX

This explosion proof high power LED lamp from the AccuLux series model HL 10 EX is made of a very impact-resistant and waterproof plastic casing (IP 68). The innovative LED torch with a length of only 17 cm and a weight of only 167 g is the leader among comparable torches. Through the super strong power LED with approximately 7000 Kelvin colour temperature, the HL 10 EX shows its strengths with its bright white light. This high-power LED torch offers a operating time of approximately 11 hours through the 4 Mignon batteries included in the delivery (AA). The user will appreciate that the bulbs will not have to be replaced any more thanks to the high lifespan of the strong, but power-saving LED lamp. The HL 10 EX is ideal for professional use as a hand and helmet lamp, for example, for the fire department. It was designed in accordance with DIN 14649.

- can be attached to protective helmets (helmet clamp as accessory)
- Power LED with bright white light
- Lightweight: only 167 g
- long operating time: approximately 11 h
- Range approximately 150 m

Technical Data

Case material	Plastic, shock-resistant
Lamp	Power LED
Output light	110 Lumen
Operating time	approx. 11 h
Protection class	IP 68
Range	approx. 150 m
Batteries	4 x AA, Mignon
Weight of the lamp	167 g
Dimensions in mm (set)	172 x 41
Explosion zone	1, 2, 21 and 22
Ex marking	II 2 G Ex ib IIC T4 Gb / II 2 D Ex ib IIIC T 135°C Db
ATEX no.	TÜV-A 10ATEX0003
Made in Germany
